Townee

Comfort. Balance. Style.

FABULOUS WEIGHT DISTRIBUTION & CLEAN LOOKS.

The Townee offers clean looks and great weight distribution, because its battery is integrated into the downtube over the front wheel. The Townee's thumb throttle will deliver full power whenever you need it. And, while we call it the Townee, with its Suntour suspension and balloon tyres (2.1" wide), this bike is also suited to light trail use. Comes with a super-comfortable gel saddle and, for a small additional cost we can add a suspension seat post for an even smoother ride. Available in red/black (as shown) or in pale blue/black.
