Tranzit MD

Mid-drive head turner.

COMPARE THE TORQUE. COMPARE THE BATTERY SIZE.

The Tranzit MD is a mid-drive crossover bike, meaning it is equally at home around town and on light trails (if you're looking for a more serious trail bike then look at our Ascent MD). The standard 522 watt-hour battery combined with mid-motor efficiency delivers ample range but can be upgraded to 630 watt-hours for even greater range. **Here's what Consumer Reports NZ said about the Tranzit MD:**

- Comfy and well priced
- Very good balance at slow speed
- Excellent on rough surfaces
- Very good display & controls
- Low stepthrough facilitates getting on & off

When you buy from MeloYelo, you're getting:

- A bike engineered by kiwis, for kiwis;
- Nationwide sales & service network;
- Spare parts available in NZ;
- 2 year warranty on the electrics, plus 6 years on the frame and 1 year on other parts;
- Value for money. We aim to deliver the best performing and most reliable ebikes in NZ;
- MeloYelo was founded to help support the EVelocity electric vehicle programme in schools. So, when you buy from MeloYelo, you Go Well AND Do Good.
