Town'nTrail

The best of both worlds.

**FABULOUS WEIGHT DISTRIBUTION
& CLEAN LOOKS.**

The Town'nTrail, powered by a Bafang rear hub motor, has been spec'ed for both on-road and off-road use. It has a sizeable 630 watt-hour battery for impressive range, hydraulic brakes, beefy shocks, Maxxis Ikon tyres, and the battery is integrated into the downtube over the front wheel for great weight distribution yet easy removal. The thumb throttle will deliver full power whenever you need it. It comes with the most comfortable sprung memory foam saddle and, as an optional extra we can add a suspension seat post for an even smoother ride. Available in electric blue or greenstone.

- Engineered by kiwis, for kiwis;
- Nationwide sales & service network;
- Spare parts available in NZ;
- 2 year warranty on the electrics, plus 6 years on the frame and 1 year on other parts;
- Value for money. We aim to deliver the best performing and most reliable ebikes in NZ;
- MeloYelo was founded to help support the EVelocity electric vehicle programme in schools. So, when you buy from MeloYelo, you Go Well AND Do Good.
